

BRISFEST 2013

HEALING AREA & WORKSHOPS PHOTOGRAPHER BRIEF

Asides from musical entertainment, Brisfest 2013 will be offering a wide range of healing and workshop activities. Having increase available space, it has been important to engage as many Bristol people as possible and thus offer a wide enough variety of entertainment and activities to suit even the most unenthusiastic festivalgoers!

BRIEF

We need you to capture the relaxing, educational and holistic side of the festival.

- Ideally shoot people of all ages participating in non-musical activities.
- Include shots of workshop and therapy leaders.
- Explore shots that really encapsulate non-musical activities, i.e. massage session
- When shooting the workshops please include the finished product. i.e. willow working workshop; please take pictures of festival-goers with their completed pieces.
- Post-healing and workshop people. i.e. groups coming away from non-musical activities with finished pieces.

The workshops will be situated in the Body & Soul area.

Further information can also be found on the Brisfest web page (www.brisfest.co.uk), twitter (@Brisfest13) and facebook.

All photos need to be provided in JPEG format.

To ensure that no material is lost throughout the Festival, please make regular visits to The Press Office to offload memory cards/memory sticks.

If you require any further information about this brief, please contact Hayley at 07816548446.
